

Anti-nano devices info sheet

How to build an anti-nano device

One can build an anti-nano device in whichever way one wants, though there are three popular form factors, namely, a triangle, a bucket and a spike.

Optimally, one has a triangle and a spike, however if resources are limited, get a triangle first.

Triangle

 - 81 magnets
 - 100 meters copper wire coils (328 ft.)
 - Extension Cable Length: 2-2.5 meters (6.5 - 8.2 ft.)
 - Triangle size is approximately 34 cm on each side
 - 1.3 Hz fixed pulse generator
 - Combo 1: Copper wire 1,5 mm² (15AWG), power supply (adapter): 12V 10A, 120W
 - Price: 750 euro (03/08/2023)
 - Other options:
 - Combo 2: Copper wire 2.5 mm² (13.2 AWG), power supply (adapter): 12V 16A, 192W
 - Combo 3: Copper wire 10 mm² (7 AWG), power supply (adapter): 24V 62A, 1488W
 - Multi-frequency pulse generator
 - If ordered with one of our generators, the following are the details: AN-PEMF-01 Pulse Generator with a fixed rate of pulses 1.3 Hz (80 pulses/min).

Stephan Dubeau's build products list

This specific power supply (charger), originally intended to power a laptop, has a built-in safeguard that quickly powers off when it's overloaded, and on again when it isn't. The high interval in which the charger does this in an anti-nano build, is a desirable feat.

- [24V 8A Power Supply Adapter AC 100-240V to DC 24 Volt 8 Amp 192W Power Converter Low Voltage Transformer with 5.5 x 2.5/2.1mm DC Output Jack for LED Strip Light CCTV Cameras LCD Monitor 3D Printer : Amazon.ca: Electronics](#)

- [AWG to MM Conversion Calculator and Table - Easily convert AWG to MM](#)
- [Industrial Ceramic Magnets 120 pcs Bigger Size, diamter D30X4mm - Round Disc - Flat Circle Magnets Bulk for Crafts, Science & Hobbies - Perfect for Refrigerator, Whiteboard, Fridge: Amazon.com: Industrial & Scientific](#)
- [Simple Touch C30004 The original Auto Shut-Off Safety Outlet, Multi Setting, 2 Count : Amazon.ca: Tools & Home Improvement](#)
- [ADHES Professional Blue Electrical Tape, 5 Pack, 0.75 inch x 65.6 feet, Waterproof & Weather Resistant Electric Tape Ideal for Contractors & Electricians, Indoor&Outdoor : Amazon.ca: Tools & Home Improvement](#)

Buy anti-nano devices

In general, people make the anti-nano devices themselves. If you rather buy one, here are a few places that offer the devices.
